**Justin Bieber** today announced new dates for his much-anticipated **Justice World Tour**, including Smukfest in Denmark the 3<sup>rd</sup> of August 2022. Taking place from May 2022 through to March 2023, Bieber will tour five continents, travelling to over 20 countries and playing more than 90 dates, with more shows to be announced in Asia and the Middle East very soon.

The new dates come on the heels of his recently announced [52-date 2022 North American tour](#), kicking off in San Diego on February 18. Each evening promises to be a celebration for both Justin and his fans, who have been looking forward to these new shows since the pandemic sidelined the previously announced 2020 dates. The international shows start in May 2022 in Mexico and will then continue on to Scandinavia for festival shows in August; South America, South Africa and the Middle East in September & October, and then over to Australia and New Zealand in November & December before moving to the UK and Europe in early 2023.

The 'Justice World Tour,' promoted by AEG Presents, is Justin's first global outing since 2016/2017's 'Purpose World Tour'. Described by The Times of London as "mesmerising", Bieber played to 2.7 million fans over the course of his 2016-2017 run, with the finale seen by 65,000 fans at London's British Summer Time Hyde Park festival.

On New Year's Eve 2020, Justin livestreamed his first full performance in 3 years from Los Angeles, electrifying and reconnecting with fans around the world.

"We've been working hard to create the best show we've ever done, and we can't wait to share it with fans around the world. I'll see you soon," said Bieber.

The Smukfest-sale begins on Monday 15 November at 3.30pm at [Smukshop.dk](#).

The '**Justice World Tour**' is named after Justin's latest smash hit album '**Justice**'. Released in April 2021, it debuted as the most streamed album in 117 countries. The album and its tracks have taken the already global pop phenomenon to new heights.

'**Justice**' has amassed nearly 9 billion streams worldwide, arriving on the back of huge international hits

'Anyone', 'Lonely' and 'Holy', which had already gathered 2 billion streams prior to the album's release. Another breakout smash hit from the album immediately followed, with 'Peaches' racking up over 2.5 billion streams so far. The Kid LAROI duet 'Stay', was released in July this year and became the fastest song ever to hit 1 billion streams on Spotify.

In an unprecedented career that started when he was 13 years old, Bieber has released 6 studio albums and holds 32 Guinness World Records, 21 Billboard Music Awards, 2 BRIT Awards, 18 American Music Awards and 21 MTV Europe Music Awards. He has sold over 80 million albums and last year broke Elvis Presley's record as the youngest solo artist to have 8 albums reach Number 1 on the Billboard 200 charts. In August, he broke the all-time record for monthly listeners on Spotify with over 83 million.

Recently named Artist Of The Year at the MTV Video Music Awards and nominated for a field-leading 8 MTV EMA Awards, Bieber remains the Number 1 artist on both YouTube and Spotify worldwide, cementing his place as one of the biggest pop stars of the 21<sup>st</sup> century.
